Hi friend,

I'm calling because I just signed this petition asking Kamala Harris to pledge to stop sending bombs to fuel the war and occupation in Gaza.

I know you know how disastrous Biden's approach to the situation in Gaza has been. More than 30,000 Palestinians have been killed by Israel's bombing since October and the US (under Pres Biden) continues to send weapons and huge amounts of military funding. Now, with a new potential Democratic nominee for president we have an opportunity to push for a more humane approach. I think it's really important that we push her to do the right thing and take a better stance. Are you with me?

IF YES

Great! I'm going to text you a link to sign the petition. Will you be sure to sign and let me know once you have?
